Shelter to be warehouse

The name, "Emergency Shelter" has been blacked out on the sign in front of the Lee County building of that name so that progress can be made on the structure.

Wilma Kelley, executive director of Beattyville Housing, said Tuesday that in order to get plans approved by the state the purpose of the building in West Beattyville is being temporarily changed from an emergency shelter to a warehouse.

Kelley said plans for the building had been sent to the state for approval. She said a return call instructed her that two items, a stair plan and workers compensation certification had to be sent.

She said that work would begin when funding is secured to first use the building as a warehouse. Then, as more funding comes in the purpose would be changed to a food distribution point.

The final stage, which Kelley would like to see before next winter, is to have the building ready as an emergency shelter.

Mayor John Smith swears in members of the Beattyville City Council

Council sworn into office

Beattyville Mayor John Smith Monday evening swore in members of the incoming city council, including new members Jon Allen and Tyler Phillips.

In a brief ceremony during the council's regular monthly meeting, Smith also swore in returning members Sam Cockerham, Mitch Cornelius, Charlotte Hogan and Teresa Mays.

Also during the meeting, the council gave second reading, and so then approval, to a new nuisance ordinance. The ordinance addresses dilapidated buildings, and the process the city is to use to have them fixed or eliminated.

Council Member Cornelius told Police Chief Greg Brandenburg that a larger police presence is needed at high school basketball games.

He said that an incident Saturday night almost got out of control.

Incoming member Allen agreed.

Mayor Smith said that he would approach the school administration about the issue.

The mayor gave a financial report that showed all funds operating in the black. The General Fund was \$22,608 to the good for November and \$114,322 in the black year to date.

He said property taxes continue to be collected, and will be for the next couple of months. The revenue declines over the period, and will eventually put the city in a cash-flow problem early next year.

Revenue for October was \$205,966. That declined to \$99,662

in November.

The Garbage Fund is in the positive by \$27,565 so far this fiscal year. Sewer is in the black by \$20,066 and Water is plus \$58,134.

Smith reported that divers had inspected the intake at the water plant, and found no obstruction. However, he said that the amount of air blown off the lines would probably be increased, and that action would be taken more often.

High water, caused by heavy rains or the release of impoundment from Buckhorn Dam creates problems at the plant because more debris is in the river. That causes the plant to lose flow.

The mayor thanked outgoing council members Stephen Begley and Richard Adams for their service to the city.

Council went into executive session to discuss a personnel matter.

Break in reported

The concession stand at the Lee County Little League Baseball Field was broken into sometime Sunday night or Monday morning, according to Constable Jonathan Shuler.

Shuler said that as of Monday afternoon, he did not know what if anything was taken. He is investigating the break in.

Jobless rate continues down

Lee County's unemployment rate continued to decline in October, according to the Kentucky Office of Employment and Training.

The September rate was 8.6 percent. It declined to 7.7 percent for October. The October 2013 rate was 12 percent.

Jobless rates declined throughout the Kentucky River area.

The other counties, along with their September and October rates are: Breathitt – 8.6 percent to 7.5 percent; Knott – 10.2 percent to 8.8 percent; Leslie – 11.4 percent to 9.8 percent; Letcher – 10.9 percent to 10.2 percent; Owsley – 9 percent to 7.9 percent; Perry – 8.9 percent; and Wolfe – 8.9 percent to 7.9 percent.

Boone County had the lowest unemployment rate in October at 4.1 percent. Jackson County's 11.7 percent was the highest in the state.

Unemployment statistics are based on estimates and are compiled to measure trends rather than actually to count people working. They do not include unemployed people who did not look for employment within the past four weeks.

KY 2017 to be closed Saturday

In order to replace a drainage pipe, the Kentucky Department of Highways plans to close KY 2017 in Lee County on Saturday, Dec. 13. The road will be closed at mile-point 1.2, near Primrose. The project will begin around 8 a.m. and will continue until approximately 3 p.m. During this time, the road will be closed to all through traffic.

No marked detour will be posted, but drivers can use KY 708 and KY 52 as a detour route. Motorists should plan their trips accordingly.

In case of inclement weather, the closure will be postponed until another suitable date.

*LIVE IN THE RED RIVER GORGE- BEN SOLLEE

DECEMBER 13TH, DOORS OPEN 6PM
SHOW STARTS @ 6:30
SKYBRIDGE STATION RESTAURANT AND BAR
TICKETS AT THE DOOR*

Presented by the Red River Gorge Climbers Coalition Pine Ridge, KY in the Red River Gorge- The Red River Gorge Climbers Coalition is excited to announce an evening of support and celebration featuring two of our favorite local rockstars Ben Sollee and Jason Tyler Burton.

In addition to some amazing music, we will be auctioning off the naming rights and FAs (First Ascents) of climbing routes in the Miller Fork Recreational Preserve, raffling climbing prizes and just generally having ourselves a good time.

All of this is in support of our mission of securing and protecting open, public access to rock climbing in the Red River Gorge area of Kentucky and to promoting the conservation of the environment on the lands where we climb.

This event will bring us one step closer to achieving that goal by raising funds to secure a matching grant of \$35,000 from the Conservation Alliance, a league of outdoor companies dedicated to protecting and restoring Americas wild places.

After deluge of rain flooded out Rocktoberfest, our main source of income, the climbers of the Red River Gorge have rallied together in support of this cause and are pulling out all the stops to get the job done.

There are three weeks left before the deadline and we are still \$8,000 shy, but if we considering that we defy death and gravity every day, this should be easy.

Come help us protect a true Kentucky treasure and have a good time while your at it.

Cost- A suggested donation of \$10 (sliding scale)

Eye to Eye
with David Blandford, M.D.

STARING AT SCREENS CHANGES TEAR COMPOSITION

In an effort to isolate the causes of eye strain, which is one of several major symptoms of "dry eye" disease, researchers, analyzed the tear fluid of office workers who spend long periods of time peering at computer screens. They found that those who spent the most time looking at their monitors had the lease amount of the protein (known as MUC5AC) that is secreted by cells in the upper eyelid to create the mucus layer in tears ("tear film") that keeps the eye moist. In fact, the workers who spent the most time watching their computer screens had MUC5AC levels that approached the levels seen with individuals diagnosed with dry eye. Treatment with artificial tears can help.

You may experience dry eyes in certain situations, such as on an airplane, in an air-conditioned room, while riding

a bike, or after looking at a computer screen for a few hours. Treatments for dry eyes may make you more comfortable. At **KENTUCKY EYE INSTITUTE**, we are doctors who are trained in the study of eyes. Let us help you determine what is best for you. We welcome your questions and aim to provide you with the answers you need to give you peace of mind. We're located at **540 Jett Drive**. We care about you and the quality of your eyesight. Please call **606.666.9393** to schedule an appointment. We specialize in "EYE CARE FOR ALL AGES."

P.S. Because they tend to blink less often than usual and open their eyes wider, people in front of computer screens are likely to be more susceptible to ocular fatigue and dry eye symptoms.

Church Page

A different view By Betty Crabtree

Someone once told me to be a ‘critical’ listener. I would add to listener, hearer, observer. In this context it means exhibiting careful, precise judgments and evaluations.

Yes, I’m still stuck on Ezekial 14:4. Psalm 1:12 tells us that that “Blessed is the man whose delight is in the law of the Lord and in His law he mediates day and night. I have certainly mediated on that verse a lot.

In I Corinthians 10 Paul wrote the Corinthian Church, reminding them of Old Testament examples, and in Verse 11 he said they were written for our instruction upon whom the ends of the ages have come.

In the Message Bible we read, “experiencing God’s wonder and grace didn’t seem to mean much (to the Israelites) most of them were defeated by temptation during the hard time in the desert and God was not pleased. The same thing could happen to us. Be on guard so that we never get caught up in wanting our own way as they did. You could fall flat on your face as easily as anyone else. Verse 14 in the Amplified Bible says, “Therefore, my dearly beloved, shun (keep clear away from, avoid by flight if

need be) any sort of idolatry (of loving or venerating anything more than God).”

Back in Ezekial 14:4, Let me define a couple of words: Submissive – Willing to submit; obedient; yielding and self-will meaning strong or tenacious adherence to one’s own will or wish. so here is the verse in the Amplified, “Therefore speak to them and say to them, Thus says the Lord God: Every man of the house of Israel (all people) who takes his idols of [self-will and unsubmit-siveness] into his heart and puts the stumbling block of his iniquity [idols of silver and gold] before his face and yet comes to the prophet [to inquire of him] I the Lord will answer him, answer him according to the multitude of his idols.”

Idols of silver and gold? That their hearts were fixed upon. The New Testament comparison? Galatians 6:7 Amp. “Do not be deceived an deluded and misled God will nto allow himself to be sneered at (scorned, disdained, or mocked by mere pretensions or professions, or by His precepts being set aside). {He inevitably deludes himself who attempts to delude God} For whatever a man sows that and that only is what he will reap.

Got a story mate?

Chris McGreal (left) and Sean Smith, correspondent and photographer for the British newspaper, The Guardian, were in Lee County last week working on a series about poverty in rural parts of the United States. The two stopped by The Beattyville Enterprise Tuesday to discuss poverty in the area. They have already been to a Native American reservation in Arizona, a Hispanic community in southern Texas, and a predominately African American area of Mississippi.

Freedom ISN’T free

By Shelbi Stamper~Proud American

November 11th is a very special day. In my opinion, it should be a holiday ranked high on the list of favorites. Southside Elementary had our annual celebration to honor all veterans. My fellow classmates and I helped honor the special veteran in our lives. I have to say as my friend and I sang the National Anthem, I admit I got a little emotional and choked up right during the song because it was then that I realized how important veterans are. Because of those men and women, we truly are blessed to live in the land of the free and the home of the brave.

To each one of you in our community and country who have fought or are still fighting for us, I along with other Southside classmates, want to say thank for your service and for all that you have done for us. You are our heroes and please know you are loved and appreciated. Your family members may have given a lot to be part of the United States Military. Some gave their lives for all of you and some of your families came back wounded. Thanks to you we all live in the land of freedom but also because of you we know that our freedom ISN’T free and most of you worked and fought hard for our freedom for years. Thank you to each one of you and may God bless you!
